The One That Got Away (*From the film series Chasing the Dream*)

This film follows middle school teacher, Dan Gill, as he reconnects with his once promising student, Tourrie Moses, who is now serving 15 years for murder in a New Jersey state prison. Filmed over the course of three years by Emmy Award-winners John Block and Steve McCarthy, the film examines the relevant issues of teaching, familial and communal responsibility, and at-risk children.

Broken Places (From the film series *Chasing the Dream*)

Broken Places explores why some children are severely damaged by early adversity while others are able to thrive. By revisiting childhood trauma victims, we profiled decades ago, we learn how their experiences shaped their lives as adults. Broken Places interweaves these longitudinal narratives with commentary from a few nationally renowned experts to help viewers better understand the devastating impact of childhood adversity as well as the inspiring characteristics of resilience.

The Long Shadow of Childhood Trauma 30 minutes

New studies show childhood trauma affects physical health across a lifetime. The study is called ACEs--the Adverse Childhood Experience Scale, which lists ten stressful and traumatic events that can happen to children. Proponents of the study are calling on pediatricians to consider life events as they diagnose and treat children, with the goal of improving lifelong health.
